## Description

- Re-engineered to provide exceptional value whilst maintaining the quality and performance you expect from PIG Collapse-A-Tainers
- No assembly required; collapsible sidewalls have attached skirt with outside aluminium-reinforced supports that help the walls stay rigid and upright
- Sides fold down easily to allow pallet jacks and forklifts to be driven in and out of containment
- Constructed of a durable, coated geomembrane that resists chemicals, abrasion and tearing
- Folds to a compact size for easy transportation and storage
