PRODUCT DATA SHEET

Item Number	:	PLP220
Item Name	:	PIG® Dri Loose Absorbent in Spill Pouch
Liquids Absorbed	:	Oil, Coolants, Solvents & Water
Contents/Package	:	12 bags/box
Colour	:	Grey
Dimensions	:	n/a
Composition	:	47% post-consumer recycled cellulose 53% Kaolin
Absorbency	:	1,4 L per pouch/ 17 L per box
Weight	:	17.7 Kg

Description

- Rigid, resealable pouch packed with PIG Dri Loose Absorbent is perfect for small spills; reduces waste from using too much absorbent when using larger bags of loose
- Allows for quick, more precise dispensing with less dust; no scooping or shoveling needed
- Easy-to-handle pouch helps reduce injuries from lifting heavy bags of loose
- Compact, saves space and fits easily inside spill kits, workbenches and vehicle compartments
- Each pouch holds approximately 1,35 kg of PIG Dri Loose and absorbs up to 1,4 litres
- 47% recycled content is a byproduct of the paper-making process, ideal when green products are desired or required

Warnings & Restrictions	:	Hydrofluoric Acid Notice: Not for use with hydrofluoric acid
Recycled Content	:	47% Post-Consumer Recycled Cellulose Waste
