PRODUCT DATA SHEET

Item Number	:	GRP913X50
Item Name	:	PIG® Grippy® Adhesive-Backed Berber Entrance Mat Roll
Liquids Absorbed	:	Water; Grease; Oils
Contents/Package	:	1 Roll
Colour	:	Black, Grey or Burgundy
Dimensions	:	91 cm W x 15,2 m L
Composition	:	Absorbent - Polyester; Adhesive Backing - Proprietary Adhesive Material
Absorbency	:	51,5 L
Weight	:	10.8 Kg

Description

- Keep floors safe and capture dirt and liquid at the door with our carpeted adhesive-backed runner; replace rental mats and complement modern or upscale entrances, walkways, hallways and more with our stylish absorbent mat to prevent slips, trips and falls
- Rolls can be cut easily without fraying or unravelling to create any runner or mat shape required to stop moisture and dirt at the door
- Adhesive-backed floor mat stays exactly where it’s positioned with no shifting, bunching up or ripples that cause slips and trips — no straightening, no hassles. Sticks to most commercial floor surfaces including concrete, VCT, linoleum, ceramic tile, quarry tile and laminate flooring with a super-tight grip, but peels up easily without leaving a residue or damaging floors
- Saves money as a cost-effective replacement for risky and outdated traditional rubber-backed entrance and scraper mats that can cause slips and trips. Dries out quickly without moisture soaking through to the floor; absorbs water, oil and grease and traps dirt, debris and sand to keep it from being tracked around and becoming a slip hazard
- Commercial-grade durability allows mat to be kept in place for 3 to 6 months depending on conditions; carpet fibres resist fading, staining and crushing
- Easy to clean: you can sweep, vacuum, mop or use your carpet extractor over Grippy Carpet Entrance Mat and it won't budge

Warnings & Restrictions : **PIG Grippy Adhesive-Backed Floor Mat Notice:**

New Pig adhesive-backed mats are formulated to work with most common industrial and commercial floor surfaces but are not intended for home/residential use and wood flooring. All adhesive mats have some potential to leave residue or lift or discolour finish coatings, paint, and loose or pre-damaged tiles depending on the condition and age of the floor surface. If you have questions about the suitability of New Pig adhesive-backed mats for your application, test a 15 x 15cm piece in a non-critical area before use.

PIG® Grippy® Floor Mats should be replaced if they show signs of wear or damage and should always be changed out every 3 to 6 months, depending on conditions and traffic patterns.

Customer assumes the risk that a New Pig adhesive-backed mat may damage or alter their existing flooring or floor covering. Other than warranties implied by law, New Pig provides no warranty of fitness for a particular purpose and no warranty that an adhesive-backed mat will be fit for customer's intended use. Other than in respect of liability which New Pig cannot lawfully exclude, New Pig shall have no responsibility for, and customer hereby releases and discharges New Pig from, any direct, indirect, incidental or consequential damages to their floors, flooring material, or any other surfaces in their premises. Customer is solely responsible for determining the fitness and appropriateness of the use of New Pig adhesive-backed mats in their premises.

Storage Temperature: Store between 0° C - 49° C

Temperature Limit: Surface temperatures from 13° C - 49° C

Certifications & Approvals : **DIN 51130:2014 – R13**
